NAME/ADDRESS OF APPLICANT _____, requests permission to perform the following described work on City of Arnold right-of-way

Description of Proposed Work – Include plan sheet

at _____
Address/Location

Please read the following before signing:

An inspection fee of fifty dollars (**\$50.00**) shall be paid to the City of Arnold prior to issuance of this permit. Accompanying this application is a deposit by check or surety bond for _____ dollars (\$_____) payable to the City of Arnold to insure and guarantee to the City, the proper performance of this work and the satisfactory restoration of said street. When construction is completed, call the Public Works Department at 636-282-2386 to schedule an inspection. Upon satisfactory completion of work, the applicant agrees that if all work has not been satisfactorily completed by the expiration date of this permit, the City may use the sum deposited to restore the street right-of-way and appurtenances. The applicant further agrees to be financially liable for any cost over and above the amount deposited which may be necessary to complete said restoration of City property.
